
AEPC Cardiovascular Intensive Care Training Course

AEPC
Association for European Paediatric and Congenital Cardiology

4TH Edition

18.03.2027
19.03.2027

HYBRID TRAINING MEETING WITH LIVE SIMULATION
16 teaching hours

M

Beyond lectures. Beyond theory. Into real clinical decisions.

Join the **AEPC Cardiovascular Intensive Care Training Course** for a unique, immersive learning experience that brings pediatric cardiovascular critical care to life.

Over **two dynamic days**, challenge your clinical reasoning alongside international experts, engage in thought-provoking debates, witness live clinical demonstrations, and step onto the stage to manage complex scenarios through high-fidelity team simulations.

COURSE DIRECTORS

Nicole Sekarski
Centre hospitalier universitaire vaudois (CHUV)

Joan Sánchez-de-Toledo
SJD Barcelona Children's Hospital and Children's Hospital of Pittsburgh
On behalf of the AEPC CVICU WG.

Javier Gavela
Great Ormond Street Hospital for Children.
On behalf of the AEPC CVICU WG.

David Ferri-Rufete
SJD Barcelona Children's Hospital.
On behalf of the AEPC CVICU WG.

VENUE

Teaching and Simulation Area.
SJD Barcelona Children's Hospital.
C/ Santa Rosa, 39-57 08950 Esplugues de Llobregat (BCN)

Registration Fees: https://bit.ly/aepc-cardiovascular

Includes course registration fee for 2 days, course material / hands-on, lunch & refreshments during breaks & first-night social event.

- **Juniors (AEPC, ESPNIC) or trainees (residents, fellows):** 300 €
- **Seniors:** 750 €

Virtual course (live lectures w/o hands-on): 100 €

LEARNING METHODOLOGY

Hybrid & Interactive Learning

Expert Debates & Controversies

Live Clinical Demonstrations

On-Stage Team Simulations

Small-Group Hands-On Training

Team-Based Clinical Decisions

EXPERT CREW

Rebecca Anderson de la Llana
Pediatric and Neonatal Intensive Care. Zurich University Hospital. Zurich, Switzerland.

Yolandee Bell-Cheddar
Cardiac Critical Care Medicine. Children's Hospital of Pittsburgh. Pittsburgh, US.

Dimpna Calila Albert.
Pediatric Heart Failure & Heart Transplant Program. Heart Center. KFSH & RC. Riyadh, KSA.

Daniel Palanca Arias
Pediatric Cardiology & Pediatric Intensive Care. Miguel Servet University Hospital. Zaragoza, Spain.

Marta Camprubí-Camprubí
Neonatal Intensive Care Unit. SJD Barcelona Children's Hospital. Barcelona, Spain.

Cho Ng
Cardiac Intensive Care Unit. Great Ormond Street Hospital for Children. London, UK.

Jordi Clotet Caba
Neonatal Intensive Care Unit & Simulation Program. SJD Barcelona Children's Hospital. Barcelona, Spain.

Maria Clara Escobar Díaz
Pediatric Cardiology & Fetal Cardiology. SJD Barcelona Children's Hospital. Barcelona, Spain,

Alejandro Fernandez-Cisneros
Cardiac Surgery. Center for Congenital Heart Diseases. SJD Barcelona Children's Hospital & Hospital Clinic. Barcelona, Spain.

David Ferri Rufete
Pediatric Cardiology & Simulation Program. SJD Barcelona Children's Hospital. Barcelona, Spain.

Montse Fontanals Caravaca
Pediatric Cardiac Anaesthesiology. SJD Barcelona Children's Hospital. Barcelona, Spain.

Sergi César Díaz
Pediatric Cardiology. SJD Barcelona Children's Hospital. Barcelona, Spain.

Javier Gavela
Cardiac Intensive Care Unit. Great Ormond Street Hospital for Children. London, UK.

Aparna Hoskote
Cardiac Intensive Care Unit. Great Ormond Street Hospital for Children. London, UK.

Jose Cruzalegui
Pediatric Cardiology. SJD Barcelona Children's Hospital. Barcelona, Spain.

Andrea Greco
Pediatric Cardiology. SJD Barcelona Children's Hospital. Barcelona, Spain.

Raul Montero Yéboles
Pediatric Intensive Care Unit. Hospital Reina Sofía. Córdoba, Spain.

Bosco Moscoso Garrido
Cardiac Surgery. Center for Congenital Heart Diseases. SJD Barcelona Children's Hospital & Hospital Clinic. Barcelona, Spain.

Ricardo Munoz
Cardiac Criticar Care Medicine and Tele ICU services. Driscoll Children's Hospital, Corpus Christie. Texas, US.

Mar Reyné Vergeli
Neonatal Intensive Care Unit & Simulation Program. SJD Barcelona Children's Hospital. Barcelona, Spain.

Joan Sanchez de Toledo
Heart Institute. SJD Barcelona Children's Hospital. Barcelona, Spain.
Cardiac Critical Care Medicine. Children's Hospital of Pittsburgh. Pittsburgh, US.

Georgia Sarquella-Brugada
Pediatric Cardiology. SJD Barcelona Children's Hospital. Barcelona, Spain.

Damien Schaffner
Department of Congenital Heart Disease. Pediatric Cardiology.
Deutsches Herzzentrum der Charité (DHZC), Berlin, Germany.

Nicole Sekarski
Pediatric Cardiology. Department of Pediatrics. CHUV | Centre hospitalier universitaire Vaudois. Lausanne, Switzerland.

Cecile Tissot
Pediatric Cardiology, Clinique des Grangettes. Geneva, Switzerland & Co-director of the swiss targeted neonatal echocardiography (TNE) program.

Angelika Weber
Pediatric Intensive Care Unit. AMEOS Klinik St. Elisabeth. Neuburg an der Donau, Germany.

Nadya Yousef
Pediatrics and Neonatal Critical Care. Hospital Antoine-Béclère. Clamart, France

SECARDIPED

European **EAACME (SEAFORMEC)** accreditation has been requested

SJD Sant Joan de Déu Barcelona · Hospital
Universitat de Barcelona

THURSDAY March 18th, 2027

08:15 - 08:30 h — **OPENING** Course Directors
Explaining the experience and participation rules.

08:30 - 08:48 h — EXPERT TALK — **Beyond the Numbers: What Really Matters?** Montero R
Monitoring and physiology. Which number tell the truth, and which one fool us?

08:50 - 09:08 h — EXPERT TALK — **Heart Meets Lung: It's Complicated** Sánchez-de-Toledo J
A complicated relationship. Who's really in control?

09:10 - 09:28 h — EXPERT TALK — **Hacking the Ventilator to Hack the Heart** Anderson R
How can a single ventilator adjustment change everything?

09:28 - 09:46 h — DEBATE — **Are We Ventilating the Heart to Death?** 3 cardiac intensivists
Three experts debate: are we helping the heart or making things worse?

09:46 - 10:10 h — SIMULATION — **When Ventilation Backfires** Montero R, Anderson R & Sánchez-de-Toledo J
Watch a clinical team take the stage and race to understand what went wrong.

10:10 - 10:30 h — **Coffee Break**

10:30 - 10:55 h — LIVE SCAN — **Echo That Matters: Where to Look First?** Sekarski N & Tissot C
What would an expert look for first? Live scanning reasoning and tips.

10:55 - 11:20 h — LIVE SCAN — **The Heart Is Not the Whole Story** Yousef N & and Palanca D
Lungs, veins, congestion and VeXUS. The ultrasound beyond the heart.

11:20 - 11:40 h — DEMO ON STAGE — **Don't Go In Blind!** Gavela J and Palanca D
Watch ultrasound-guided procedures come to life through simulation on stage.

11:40 - 12:00 h — DEBATE — **The Echo Trap** 2 intensivists & 2 cardiologists
More images, more information... but better decisions?

12:00 - 12:20 h — COMPETITION — **Beat the Clock: The Post-Op ECG Challenge!** Greco A
Can you choose the right treatment before the clock runs out?

12:20 - 13:20 h — **Lunch**

13:20 - 13:40 h — SIMULATION — **We Need a Wire! Emergency Transvenous Pacing** Cruzalegui JC
When, why and how to initiate temporary transvenous pacing. Procedure live.

13:40 – 14:00 — DEBATE — **Fewer Arrhythmias, Better Teamwork: Can We Get It Right?**
Can surgeons, cardiologists and intensivists work together?

FRIDAY March 19th, 2027

08:15 - 08:30 h — COMPETITION — **Morning Huddle: Would You Make the Same Call?**
Yesterday's toughest decisions are back. What did we learn?

08:30 - 08:48 h — DEBATE — **Who's Really In Charge?**
Leadership, teamwork and handovers. What goes wrong in CICU?

08:48 - 09:06 h — EXPERT TALK — **What Happens in the OR Doesn't Stay in the OR!** Fdez-Cisneros A
What should every intensivist know before receiving the patient?

09:06 - 09:36 h — DEMO ON STAGE — **ECMO & VAD Troubleshooting: Circuit Fails!** Cho Ng & Gavela J
Watch experts troubleshoot mechanical circulatory support live.

09:36 - 10:00 h — **Coffee Break**

10:00 - 10:25 h — DEBATE — **ECMO: Too Soon or Too Late?** 2 surgeons & 2 intensivists
When should we escalate? Experts debate timing, selection and no return.

10:25 - 10:38 h — EXPERT TALK — **The Transplanted Heart in Trouble** Calila D
What makes the transplanted heart different?

10:38 - 10:50 h — EXPERT TALK — **Who Does It Better? Post-Norwood Care With or Without AI** Munoz R
The Ultimate Post-Norwood Challenge: Can AI Outperform Human Expertise?

10:50 - 11:10 h — DEMO ON STAGE — **Code Blue! When Do We Reopen and How?** Gavela J & Fdez-Cisneros
When, why and how to perform emergency resternotomy. Live simulation.

11:10 - 11:28 h — EXPERT TALK — **1 Ventricle. 2 Circulations. Finding the Balance.** Gavela J
What happens when the balance is lost?

11:28 - 11:53 h — DEBATE — **Different Physiology. Different Rules.** 2 intensivists & 2 cardiologists
How should management change with cardiac physiology?

11:53 - 12:11 — EXPERT TALK — **Don't Forget the Brain!** Comprubí M
Can we recognise and prevent neurological injury in critically ill patients?

12:11 - 12:31 — SIMULATION — **Sedate? The Haemodynamic Cost of Comfort** Fontanals M
The patient needs sedation, but the circulation is fragile.

12:31 – 13:00 — **CLOSING | The CICU of Tomorrow: Are We Ready?** Munoz N
New technologies, emerging challenges and the future of paediatric cardiac intensive care.

13:00 - 14:00 h — **Lunch**

ROX ZONE | The Cardiac Intensive Care Skills Arena

14:20 - 15:50 h — ROUND 01 — **Cath data (A) / MCS (B) / Simulation (C) / POCUS & TEE (D)**
4 Stations · 4 Challenges · 4 Teams

15:50 - 16:20 h — **RECOVERY ZONE - Coffee Break**

16:20 - 17:50 h — ROUND 02 — **Cath data (A) / MCS (B) / Simulation (C) / POCUS & TEE (D)**
4 Stations · 4 Challenges · 4 Teams

20:15 h — **Social event**

ROX ZONE | The Cardiac Intensive Care Skills Arena

14:00 - 15:30 h — ROUND 03 — **Cath data (A) / MCS (B) / Simulation (C) / POCUS & TEE (D)**
4 Stations · 4 Challenges · 4 Teams

15:30 - 16:00 h — **Coffee Break**

16:00 - 17:30 h — ROUND 04 — **Cath data (A) / MCS (B) / Simulation (C) / POCUS & TEE (D)**
4 Stations · 4 Challenges · 4 Teams
