information and  
registration

# Transform Respiratory Care: Take the Leap into the Future of Home Ventilation

Immerse yourself in a unique learning experience where innovation, clinical practice, and expert knowledge come together to improve the lives of complex patients. This conference will help you stay up to date on advanced ventilation strategies, critical decision-making, and comprehensive management from the ICU to the home.

Learn from international specialists, share real-world experiences, and gain practical tools you can apply from day one.

**Boost your career. Improve your outcomes. Make a difference.**

## Program

### Friday, May 28th, 2027

- From the PICU to Home Ventilation
- Decision-Making in Tracheomalacia
